

# Preparing Backing for a 3-Yard Quilt Using Directional Fabric

**Materials:** 4 yards of 44" wide directional fabric

## Step 1: Preparing Fabric

Referring to **Step 1** diagram, lay your fabric on a flat surface, leaving it folded lengthwise as it came from the bolt. Fold fabric in half by bringing the top raw edges down to match the bottom raw edges

## Step 2: Trim Fold

Referring to **Step 2** diagram, trim the fold from the top edge. Make 2, 44" x 72" **Unit "A"**

## Step 3: Cut Unit "B"

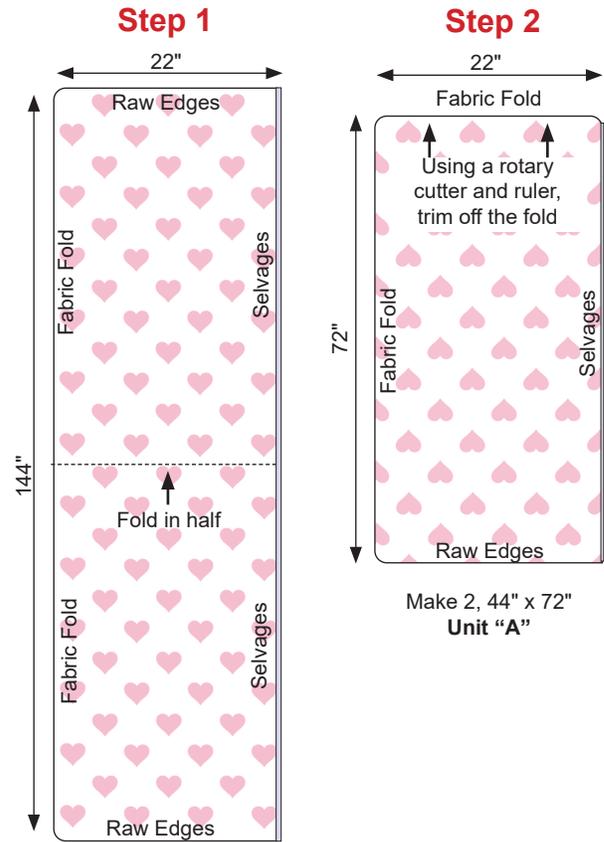

Referring to **Step 3** diagram, using one **Unit "A"**, cut 2, 8" x 72" **Unit "B"**

## Step 4: Remove Selvages

Referring to **Step 4** diagram, from remaining **Unit "A"**, cut off selvages. Make one 42" x 72" **Unit "A"**

## Step 5: Backing Assembly

Referring to **Step 5** diagram, using one **Unit "A"** and 2 **Unit "B"**, sew together on long edges as shown. Make one 58" x 72" **Backing**

Lay fabric flat and fold in half, matching raw edges
