The Power of 3-Yard Quilt Patterns

Stress-Free Patterns

Simple, easy-to-follow instructions written with over 30 years of pattern writing experience. Every pattern is tested and retested to ensure accurate, easy-to-follow directions.

Fast to Finish

From start to finish, quilt tops can be made in 6 to 8 hours.

Repurpose Fabrics

Rather than clearance, mix lines by coordinating a light, medium, and dark to make 3-yard kits.

Save Time

No need to spend hours helping customers match fabric. Create kits during slow times.

Fun for Quilter's Day Out

Perfectly sized for quilt retreat projects.

Great Value

Each kit includes fabric for a generously sized lap quilt, borders, and an economy binding.

Easy Up-Sizing

One kit makes a lap quilt; two kits make a twin size; four kits make a queen/king size (enlarging instructions are available in every 3-yard quilt book).

Help Customers Express Creativity

Any 3-yard kit can be made with over 100 different 3-yard quilt patterns.

Convenience

Simple to grab a kit and go!

Warm Fuzzies for All

Each kit makes an economical donation quilt, sized just right for juvenile or lap-sized quilts.
